Clouds all summer? WRONG-O, as long as we're here there will be a newspaper! But part of us is leaving, and we could sure use replacements, so come and be part of us. Believe me, there won't be anything like me on campus.

FACULTY OF ENGINEERING
AND APPLIED SCIENCES

Dear Graduates:

You should first be congratulated for having demonstrated the ability and discipline required to achieve your degree from the University. It is a proud achievement for you and for the family and friends that have encouraged you during these past years. The University also takes pride in your achievement and in the role it has played in providing you an opportunity to expand your knowledge and aspirations.

Customarily, one is expected to address graduates by bemoaning the state of the world their elders have created, then to charge a younger generation with going forth to set things right. Frankly, I believe the world you inherit is an improvement over the one inherited by your parents and grandparents. Their own efforts brought about the improvements; and no one need apologize.

There are, of course, many problems to be confronted: nations still resort to force rather than reason; conflicts still occur among social classes and among races; natural resources are still squandered. The agenda of problems you can tackle could be extended. Of course, I hope you will address the problems and make progress of your own in helping to resolve them.

As you proceed to do this, I would like to repeat a message given to a class of seniors some years ago by the President of Penn State. He stated that progress in solving such problems as those above would never be easy. "And you won't do it by negative thoughts, nor by tearing down or belittling. You may and can do it by hard work, humility, hope and faith in mankind. Try it."

I, too, would encourage you to try it; and I wish you good luck as you do.

Sincerely yours,

Robert L. Ketter

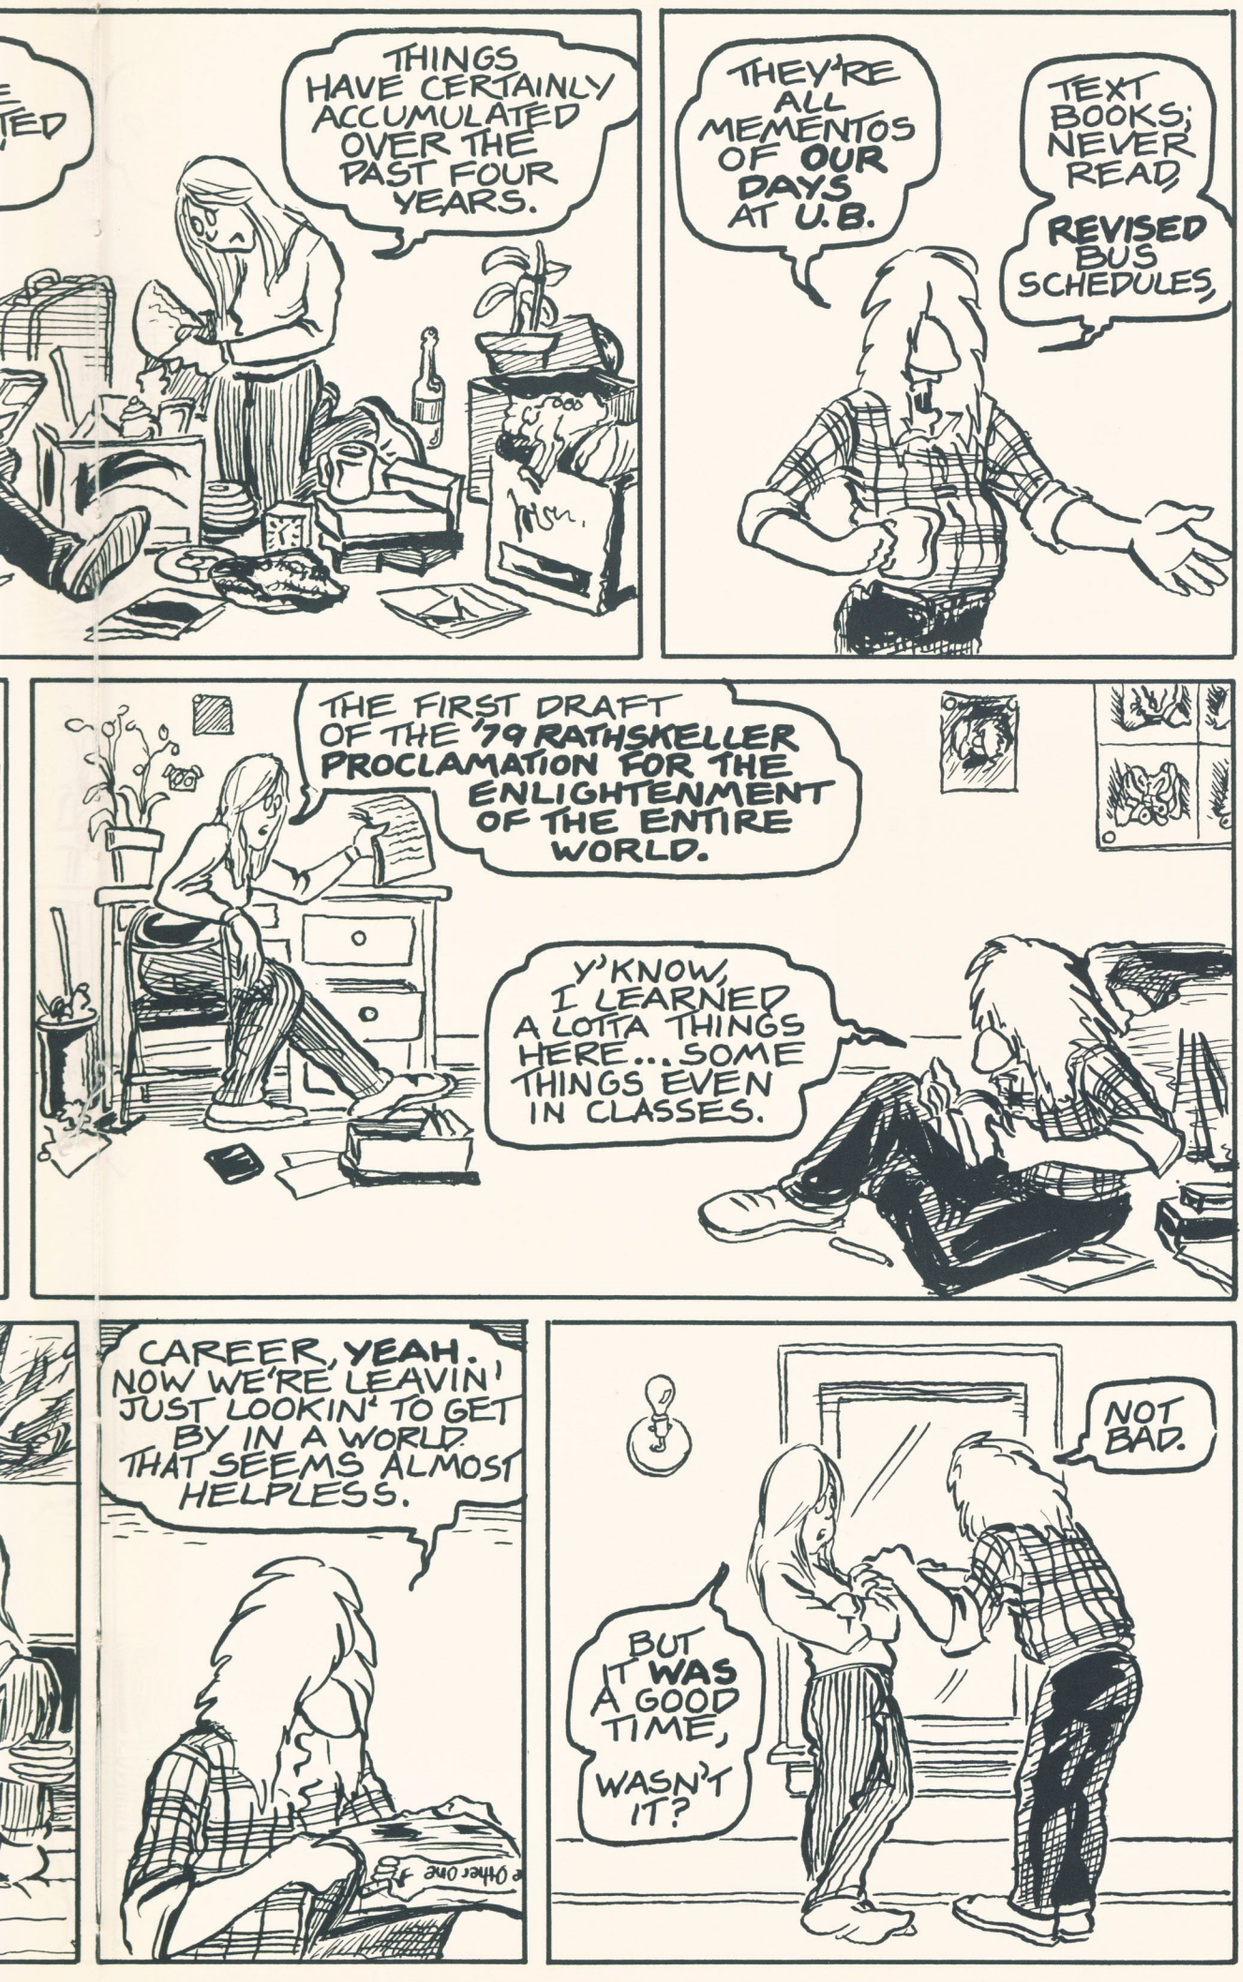
24 HOUR LUNCH
BY DAVE 'CLASS OF 80' CURRIER
I CAN'T BELIEVE I'VE FINALLY GRADUATED AN' I'M LEAVIN' THIS PLACE.
THE PITCHER WE COPPED FROM THE PUB, MY BOOK OF LEV, YOUR DUMP KETTER BUTTON,
- YOUR KILL KETTER BUTTON, MY SWIZZLE STICK COLLECTION,
A CASUALTY OF THE BLIZZARD OF '77
A YEARBOOK FULL OF PEOPLE I DON'T EVEN KNOW...
WHY DID WE COME TO THIS PLACE IN THE FIRST PLACE?
BECAUSE OUR HIGH SCHOOLS FED US SOME INFLATED IDEALS ABOUT HELPING THE WORLD IN A HIGH PAYING CAREER.



THINGS HAVE CERTAINLY ACCUMULATED OVER THE PAST FOUR YEARS.
THEY'RE ALL MEMENTOS OF OUR DAYS AT U.B.
TEXT BOOKS, NEVER READ,
REVISED BUS SCHEDULES,
THE FIRST DRAFT OF THE '79 RATHSKELLER PROCLAMATION FOR THE ENLIGHTENMENT OF THE ENTIRE WORLD.
Y'KNOW, I LEARNED A LOTTA THINGS HERE... SOME THINGS EVEN IN CLASSES.
CAREER, YEAH. NOW WE'RE LEAVIN' JUST LOOKIN' TO GET BY IN A WORLD THAT SEEMS ALMOST HELPLESS.
NOT BAD.
BUT IT WAS A GOOD TIME, WASN'T IT?
