Thi 'just a line' wth I th^t I
feel thi Princely offer^g was not
properly thanked for last night
& at the same time wth I can wth
use what influence I can have to
pull this in the headlong
course on the Road to Ruin
which can any end with the
Brokers in.

And also wth I
that a future Season approaches
if the demand for Rhyme (thee)
is being to exceed the supply I
had better do me up a roll
which I will look in to - I
have shawls, & silk can you
eat or drink weed & milk

or toasted cheese? & if not will
you make a final effort to
eat or drink something - ?

A written reply is necessary -
but an immediate self-wound
respectfully requested. The
aesthetic arrangements of the Room
are probably making for one
out of the immortals but I really
believe you would run a better
chance of general survival
in a Boordis House
