

We have heard so much about-dope in patent medicines that one sometime may tire of it & get-I think one do not hear enough to begin to realize the danger from them even those which would seem to be very simple medicines.

In a dollar bottle of Medicated Iron there is less than $2\frac{1}{2}$ grs of Iron. It is not wise to take Iron unless under the care of a skilled phys. as it may do much injury. Solberg's Consumption Cure was shown to contain

nothing but cereal flour
chiefly barley. The cost-
of treatment was \$20
a month. Would it not
be cheaper to go to your
Physician?
Dr Miles Anti Pain Pills:
Acetanilid & Caffein
The directions advise
dangerous doses.

Among quite a list-
of medicines consisting
principally of Alcohol is
Lydia Pinkham's Com.,
^{which} and has been so largely
advertised for many
years

Aspirin, which is also
so much advertised
