## **BSU Tries to Recover Budget**

The Black Student Union met Friday afternoon to plot a strategy in an attempt to recover its budget for next year. BSU lost its budget when it failed to turn in its request for next year.

At the meeting attended by about 35 students, BSU members mentioned three steps for mobilization. The first will be a rally held Wednesday at noon in Capen Lobby. BSU will also start a letter campaign, sending notes to Student Association Senators and the campus publications. The third step will have BSU members showing up at the Senate meeting Thursday.

While the focus of the one-hour meeting was on regaining the funding, several BSU members voiced their discontent with the current BSU board, none of whom were present at the gathering.
