

I think if we went
every time it
would be better
and cease to
attract attention
I think we ought
to have gone over

I get so tired sitting
like without changing
our position
Short of material
again I should
stay

For same reason
as yesterday
look at her hands
I believe she has
worked

Very sick woman
will not live 2 hr
out. inj. of whisky &
ether

Eczema known by
little blisters attended
by a secretion which
gives rise to great irrit.
Sometimes a crust
is formed but if you
inquire you will find
has been former condi-
tion. Treat constitutional &
local cathartics
saline rock, Salts milk
in phantia. Water bad
as a rule, starch pow.
very good prevents secre.
from it, Or, Low, Sol.
5948 rather large
close better have
been 3, 2948
